THE UNIVERSITY OF ALBERTA STAFF BULLETIN

EDMONTON, ALBERTA

FEBRUARY 28, 1974

Advance registration

The following information has been received from A. L. DARLING, Assistant Registrar.

The new advance registration system for The University of Alberta will be introduced starting March 1, 1974. It is anticipated that all *Calendars* and the Course Registration Procedures Booklet will be available by that date.

Registration of students currently registered in the 1973-74 Winter Session

For students currently registered in the Faculties and Schools of Dentistry, Dental Hygiene, Law, Medicine, Medical Laboratory Science, Nursing, Pharmacy and Pharmaceutical Sciences, and Rehabilitation Medicine the registration materials will be sent to the Faculty or School office. The Faculty or School will then be responsible for calling the students together to complete registration. In most cases this process will be completed by the end of March and the forms returned to the Registrar.

For all other faculties a pre-printed registration form will be produced for those students currently registered except for those who are registered as auditors only and for those who are expected to graduate this spring. These forms will be mailed to students on March 1 together with a covering memo and a return envelope addressed to the Registrar.

The accompanying memo will advise the student to obtain a Course Registration Procedures Booklet and a faculty *Calendar* from a location close to the student's faculty office. In order to complete the advance registration process the student should follow the instructions given in Section C of the Course Registration Procedures Booklet. In many cases this will involve program counselling of students by representatives of the faculty, the completion of the form by the student, and the return of the form to the Registrar.

The date of return of the form will be recorded so that students can be assigned to course sections according to the date their form was returned. This means that the student who returns his form earliest will have the best chance of having his course section choice honored. The program used to assign students

to sections of courses has been obtained from The University of Calgary, and without this help it is unlikely that the registration system could have been implemented this year. If a student's choice of course *sections* cannot be honored an attempt will be made to honor his selection of *courses*. If it is not possible to honor all the courses selected by the student, he will be given a partial timetable.

In the Course Registration Procedures Booklet the location of departmental counselling is indicated for those students who require further information about the course offerings of a department. In the case where "consent of the department" is shown as a prerequisite the student is responsible for obtaining the consent of the department. The department will be responsible for maintaining a record of those students to whom consent has been given to take courses offered by the department. On the final timetable issued to students a registration in such a course will be shown as provisional, subject to the student having obtained the consent of the department concerned.

In July, students will be assigned to course sections. Following this an individual timetable for each student will be produced which will show the courses and sections in which he is registered, the rooms in which the courses will be taken, and the times at which the courses are offered. In addition the student will receive a fee assessment which will have been completed by computer.

In September the student will be asked to confirm his registration during the first week of classes by reporting to the Ice Arena in the Physical Education and Recreation Centre. At that time he will be issued with an I.D. card.

In the first year of implementation it is expected that some minor problems might be experienced; consequently, some restrictions have been placed on the procedure. For example, the last date for registration of returning students is July 15; any student who fails to register by that time may register during the in-person registration period of September 3-5. In addition no changes of registration will be permitted once a student's registration has been approved until the in-person registration period. It was felt, however, that it would be better to implement

an advance registration system to gain experience and then attempt to improve it in future years of operation.

Registration of new students

At the beginning of June registration forms will be produced for new applicants to the University irrespective of whether they have gained admission by that time. Such students will be advised that the issuing of registration forms does not mean they have gained admission to the University. This is similar to the procedure at The University of Calgary.

For students who apply for admission after this date more registration forms will be produced in early July. Any student who applies for admission after this final production will be required to register during the in-person registration period.

All registration forms for new students must be returned to the Registrar by July 31. In the case where a student has applied for admission to a faculty with restricted enrolment he will be asked to register for his faculty of second choice in the first instance. If he is successful in his application for admission to the restricted faculty, he will be sent a new registration form along with his letter of admission.

In-person registration

The in-person registration procedure will be very similar to the registration procedure that has been used in previous years. It will be available for those who try to register after the normal deadlines. In addition all new students in the Faculty of Graduate Studies and Research will utilize the in-person registration period so that individual departments may arrange counselling and consultation between the student and his advisor.

The course registration form (SEE OVERLEAF) is designed to be pre-printed. Students have an opportunity to correct missing or wrong information by completing Section B. The courses a student wishes to take should be entered in Section D of the form, and care should be taken to ensure that all types of instruction are included.

GENERAL FACULTIES COUNCIL

By FOLIO Staff

A second meeting of General Faculties Council was held February 18, 1974 to discuss the Report of the Senate Task Force on University Entrance Requirements.

Members discussed fifteen recommendations which were grouped into three categories: General, Admission Requirements, and Mature Students. Recommendations dealing with Transferability were debated at a meeting January 21 (see FOLIO, January 31).

Each recommendation is printed below, accompanied by Council's decision. Three of the recommendations were withdrawn by the Task Force; reasons for withdrawal are indicated. A written ballot is taken when the difference between those in favor of a motion and those voting against it is five votes or less.

GENERAL

(1) University authorities, in co-operation with all faculties and schools, should immediately develop a more comprehensive and energetic information program regarding various studies at the University and the entrance requirements for admission. *Carried.*

(2) The University *Calendar* should be re-examined as to its function and purpose. *Defeated.*

(3) Consideration should be given to the establishment of a speedy appeal procedure available for prospective students who may be denied admission and who feel they should have an independent hearing. This recommendation does not apply to quota faculties or schools, nor to the Faculty of Graduate Studies and Research. *Defeated in written ballot.*

(4) The possibility of the establishment of a student access centre which would provide information and assistance to prospective students should be investigated. *Carried.*

(5) The limitation of enrolments in certain faculties and schools, together with the application of limitation procedures, should be re-examined and whatever policies are adopted should be clearly stated and publicized widely. *Withdrawn pending Senate study of quota faculties and schools.*

(6) Efforts should be made to co-ordinate the undergraduate entrance requirements for The University of Alberta with the other universities in the province without reducing the autonomy of these institutions. *Defeated.*

ADMISSION REQUIREMENTS

(7) Changes in admission requirements to any faculty or school at the University should be widely advertised as soon as such changes become operative. *Carried.*

(8) Faculties and schools in the University

should publicize guidelines which they are prepared to use in considering cases of students with a single deficiency. *Defeated in written ballot.*

(9) University authorities should reassure the public that they will accept marks from accredited high schools within the province. *Withdrawn, on advice that this has been done.*

MATURE STUDENTS

(10) The definition of a mature student as used by the University should be changed to embrace individuals who may have been out of the regular senior high school structure for two years or more regardless of age. *Withdrawn, in view of new regulations setting a minimum age of 21 as definition of Mature Student.*

(11) The present criteria used for admission of mature students should be re-examined and an alternative method placing less emphasis on formal high school work should be developed. *Carried.*

(12) The requirement that mature students be placed on probation for the first year should be discontinued. Once admitted, mature students should have all the rights, privileges, and obligations of ordinary students. *Carried.*

(13) The program of providing information and counselling to the mature student who is contemplating attendance at university should be expanded, perhaps through the student access centre proposed in Recommendation (4). *Carried.*

(14) Information brochures indicating the counselling services which are available together with the guidelines for admission requirements for mature students should be developed as soon as possible by the University. *Carried.*

(15) (a) A study should be immediately started to investigate the possibility of elimination of the residence requirements for all students at the University. *Carried.* (b) In the meantime the opportunities for part-time students should be more widely publicized. *Carried.*

NOMINATIONS TO BOARD OF GOVERNORS

In accordance with procedures approved by General Faculties Council, nominations have been sought for the replacement of R. G. BALDWIN as a member of the academic staff on the Board of Governors. Dean Baldwin's three-year term on the Board expires June 30, 1974. The following academic staff members have been nominated for election to the Board.

R. J. BUCK

Dr. Buck, Professor of Classics, first joined the staff here in 1960 as an Assistant Professor. He holds a BA (Honors) in Classics from this University, an MA in Greek from the

University of Kentucky, and a PhD in Classical Archaeology from the University of Cincinnati. He was Head of the Department of Classics here from 1964 to 1972. He was appointed Professor in 1967.

In addition to teaching courses and supervising students working toward their master's degrees in classics, Dr. Buck is presently serving on the following faculty and University committees: General Faculties Council and the Council Nominating Committee (Chairman), the Senate and the Senate Task Force on Physical Planning (Vice-Chairman), Academic Development Committee, University Planning Committee, and the Faculty of Arts Council and Executive Council. Dr. Buck is also a member of the managing committee for the American School of Classical Studies, in Athens.

P. L. FREEMAN

Professor Freeman has been on staff in the Faculty of Law since 1968. He was named Associate Professor of Law in 1971 and now holds a joint appointment, serving also as Law Librarian. He earned his BA and LLB degrees from the University of Manitoba and a Master of Law Library Science from the University of Washington.

Prior to his appointment here, Professor Freeman practised law in Manitoba for four years and went on to teach for two years at the University of Manitoba. He is past-President of the academic staff association (AASUA) and is presently a member of the General Faculties Council Administrative/Professional Officer Committee, and Chairman of the Canadian Association of University Teachers Committee on Relations with Government.

S. G. GELDART

Dr. Geldart is Chairman of the Department of Preventive and Community Dentistry, and Administrative Co-ordinator of the School of Dental Hygiene. His first appointment to the Faculty of Dentistry was in 1957, five years after he had earned his DDS from this University. In 1967 he was awarded the Canadian government's Centennial Medal for service to the community. He is a Fellow of the International College of Dentists. In 1968 Dr. Geldart received his master's degree in Public Health from the University of Michigan.

Dr. Geldart represented Edmonton West in the Legislative Assembly from 1963 to 1967. He has served on a number of committees of the Alberta Dental Association and was a member of the Master Plan Steering Committee of the Universities Commission until it was disbanded. He has been on the Convocation Committee for a number of years and has served as Chief Marshal at Convocation ceremonies.

M. HOROWITZ

Dr. Horowitz, Dean of the Faculty of Education, received his first appointment to this University in 1969, as Professor and Head of the Department of Elementary Education. He came to Alberta from McGill University, where he had held administrative positions in the education faculty. His degrees include a BA from Sir George Williams University, an MEd from Alberta, and a doctorate in Elementary Education from Stanford University.

He is a member of the Deans' Council, the Faculty of Education Council, and General Faculties Council. He has been active on the Campus Development Committee, University Planning Committee, and the Committee on Off-Campus Credit Courses. Dr. Horowitz is also project director of the Tanzania Teacher Education Project.

His interest in early childhood education led to his involvement on the Canadian Committee on Early Childhood Education, and on the N-12 Task Force of the Worth Commission on Educational Planning. He is presently an educational consultant for the Atlantic Institute of Education, and is on the Board of Teacher Education and Certification.

E. R. KANASEWICH

Dr. Kanasewich has been Acting Chairman of the Department of Physics since July 1973. He holds a BSc and an MSc from this University, and a PhD in Physics from the University of British Columbia. After obtaining his doctorate, he accepted an appointment here as Assistant Professor. He was named Assistant Chairman of Physics in 1967 and held that position until he was appointed Acting Chairman. He was promoted to Professor in 1971.

Author of *Time Sequence Analysis in Geophysics* published by The University of Alberta Press, Dr. Kanasewich has also served on the editorial boards of a number of periodicals related to his discipline. He has been a member of the National Research Council sub-committees on Seismology, Glaciers, and Geodynamics, as well as the National Advisory Committee on Geology and Earth Sciences and the Institute of Earth and Planetary Physics.

Dr. Kanasewich is presently Chairman of his department's Budget Committee. He has served on the Council of the Faculty of Graduate Studies and Research, and of the Faculty of Science.

M. W. MAC KENZIE

Dr. MacKenzie is Chairman of the Department of Classics. She holds a BA (Honors) in Classics, a High School Teacher's Diploma (Specialist), the Certificat d'études françaises, and a BEd in Latin and English

from this University, as well as a master's degree in Classics from Stanford University and a PhD from Cornell University. She has been on staff in the Department of Classics since 1947.

Within the University, Dr. MacKenzie is active on the Faculty of Arts Executive Committee, Curriculum Committee, Admissions Committee, Tenure Committee, and Honors Committee. She also serves on the Graduate Awards Committee of the Faculty of Graduate Studies and Research, the General Faculties Council Committee on Radio and Television, and the Organizational Committee of University Chairmen. She is a member of the council of the Classical Association of Canada, and of the Canadian Commonwealth Scholarship and Fellowship Awards Committee.

R. B. J. MAC NAB

Dr. MacNab, Professor of Physical Education, has been on staff for almost 11 years. He earned a Bachelor of Science degree, majoring in Science and French, from the University of Michigan, and an MA and PhD from Michigan State University. The emphasis of his graduate work was on statistics and physiology.

For the past two years, he has been Chairman of the Salary Negotiations Committee for the academic staff association (AASUA). He is Chairman of the AASUA Budget Review Committee and serves on the association's Executive Committee and Council. He is a former National Secretary of the Canadian Association of Sports Sciences.

Dr. MacNab is a member of General Faculties Council and Council's Committee to Study the Role of the General Faculties Council Executive Committee. He is also Chairman of the Parent Advisory Committee of Grandin Bilingual School.

G. L. MOWAT

Dr. Mowat has been Professor of Educational Administration since 1959. He joined the staff here in 1957, four years after receiving his doctorate from Stanford University. Prior to that, he had obtained his First Class Teacher's Certificate at the Calgary Normal School, a BSc in Mechanic Arts from Brigham Young University, and an MA in Science and Education from Stanford.

In 1963 Dr. Mowat served for a short time as Acting Head of Educational Administration. He later was seconded to the Department of Education as Chairman of the Provincial Board of Post-Secondary Education and Co-ordinator of Junior College Services. He was appointed to a five-year term as Head of the Department of Educational Administration in 1968.

At present Dr. Mowat is a member of the Universities Co-ordinating Council, the

Provincial Appraisals Committee on PhD Programs, and the Graduate Assistance Policy Committee in the Faculty of Graduate Studies and Research.

D. M. ROSS

Dean Ross of the Faculty of Science received his first appointment at this University in 1961, as Professor and Head of the Department of Zoology. He became Dean of Science in 1964. He studied for his BA and MA at Dalhousie University, and received a PhD in Zoology from the University of Cambridge. In 1966 he earned a doctorate in Science from Cambridge. He is a Fellow of the Royal Society of Canada.

In addition to being a member of the Board of Governors from 1967 to 1969, Dean Ross has served on the Academic Development Committee, the Campus Development Committee, and the University Planning Committee. He is a former member of the Board of Governors of the American Institute of Biological Sciences and is a current member of General Faculties Council and the Deans' Council. He also is President of the Western Canadian Universities Marine Biological Society.

P. R. WINTERS

Dr. Winters has been Associate Dean of the Faculty of Business Administration and Commerce since 1973. His first appointment to this University was in 1968, as Professor and Acting Chairman of the Division of Business Analysis.

During his three-year term on General Faculties Council, he served two years on the Council Executive Committee, was a member of the ad hoc Committee on Copyright, and chaired the Academic Appeals Committee. He is still a member of the Council Committee on Research.

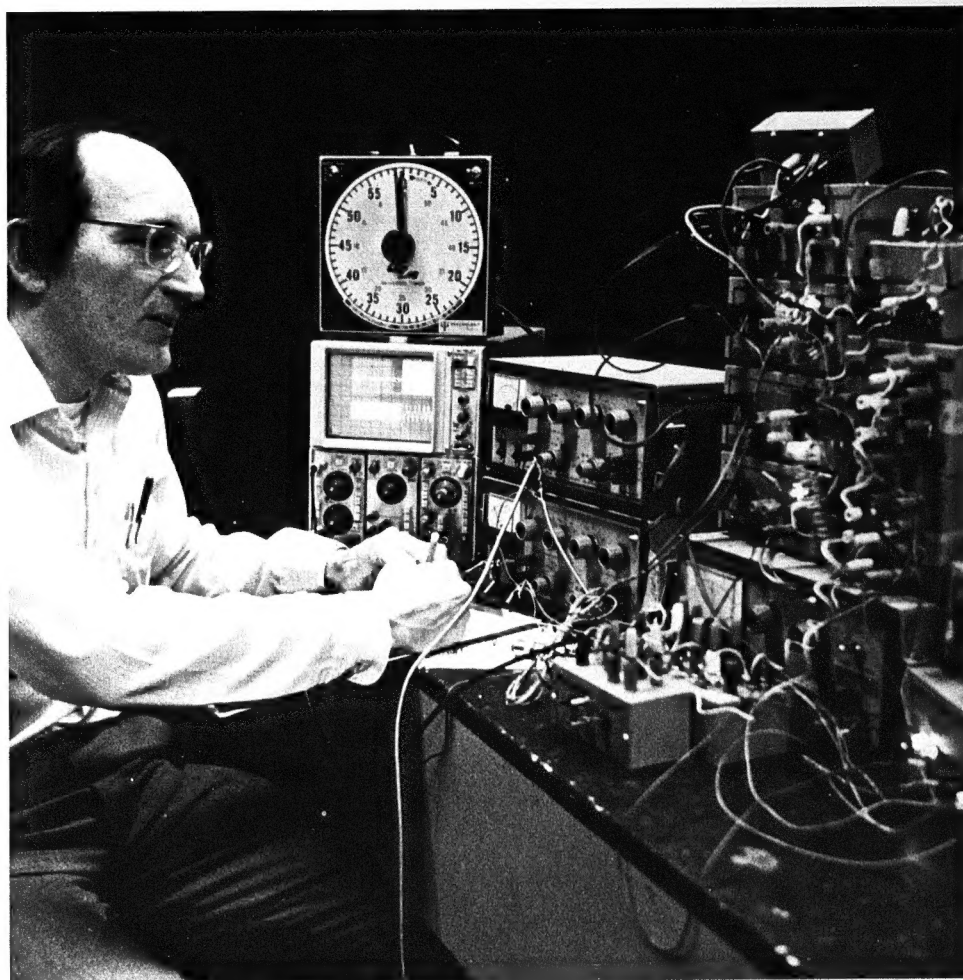

Within the faculty, Dr. Winters has been Chairman of the Building Committee and a member of the Long-Range Planning Committee. His interest in computing and information systems led to his also being involved on a faculty committee which made recommendations to a government steering committee studying the computer systems of Alberta's post-secondary institutions.

BOOKS

The Snows of Yesteryear is a biography of J. Norman Collie, mountaineer and early explorer of the Canadian Rockies and other mountain ranges, by W. C. TAYLOR, Professor of Paediatrics. Published by Holt, Rinehart and Winston of Canada Limited, the book contains many photographs not previously published and seven maps prepared by LILLIAN WONDERS of the Department of Geography. It is in hard covers and priced at \$7.50.

The study of human sensory processes and concurrent brain activity, with emphasis on temporal processing by the central nervous system, is being carried out in Psychron, a facility nearing completion in the Department of Psychology. One of the advantages of the system is that stimuli are given by computer; this method is about four times faster than one in which a human administers the stimuli.

Experiments in Psychron are being directed by THOMAS M. NELSON, Chairman of the Department of Psychology, and T. H. NILSSON, (RIGHT) Research Associate.

PEOPLE

■ WALTER JUNGKIND, Professor in Visual Communication Design, recently was an invited speaker at the plenary session of a National Design Orientation Conference at the University of Manitoba. He also chaired a seminar on graphic design at the conference. Nine students from the Department of Art and Design attended the conference with support from the Office of Design, Ottawa.

■ The exhibition "Language made visible" designed by WALTER JUNGKIND, KEN HUGHES, and PETER BARTL of the Department of Art and Design is presently on view at the Center Space, Faculty of Architecture, the University of Manitoba. The exhibition is being circulated by the Alberta Department of Culture, Youth and Recreation.

■ PIERRE A. R. MONOD, Associate Professor of Romance Languages and president and founder of the Canadian Semiotics Research Association, has edited the first issue of the *Canadian Semiotics Research Journal/Le Journal Canadien de Recherche Sémiotique*, which is published at The University of Alberta. Subscriptions should be addressed to the Department of Romance Languages.

■ MOHAN SINGH, Associate Professor of Physical Education, gave two lectures at the two-day Alberta Yoga Instructor's Clinic held in St. Albert. The clinic was sponsored by the provincial Department of Culture, Youth and Recreation.

■ A grant has enabled the Department of Comparative Literature to invite J. E. BENCHEIKH, Professor of Comparative Literature and Arabic in Paris, to spend one term here during the academic year 1974-75. The grant has been made by the Canada Council on behalf of the Government of Canada under the terms of the Cultural Exchange Program with France.

■ ANDREW CLARK, Assistant Professor of Industrial and Vocational Education, has had an article accepted by *School Shop*.

■ J. J. MITCHELL, Associate Professor of Educational Psychology, has an article in the current issue of the *Journal of Moral Education*.
